MOBILE PROGRAM TAKES FUN ON THE ROAD

Mobile Bike Workshops is a long-running Trips for Kids Marin program aimed at opening the door to achievement and fun on a consistent basis for underserved kids around Marin County.

Jonathan LeVaggi, Mobile Workshops Manager, not only takes his show on the road to campuses and after-school sites throughout Marin, he gets to know his kids on a deeper level by interacting with them weekly.

One stop on the Mobile Workshops tour is in Marin City. Over 30 weeks during the school year Jonathan meets with the same students from Bayside Martin Luther King, Jr. Academy to teach them how to ride bikes, get them moving outside, and introduce basic bicycle mechanics. A group of up to 11 kids meets every Thursday in partnership with the Boys & Girls Club of Sonoma/Marin. Each session the kids, ages 9 to 13, log five miles on their bikes while focusing on safe riding skills. At the end of the school year, kids earn a bike after riding a set mileage goal.

Trips for Kids Marin provides the bikes, helmets tools and curriculum that introduces a new skill each week. Jonathan and the Mobile Workshops not only offer kids new experiences in their communities, but also gives them a sense of independence, achievement and fun!
